Swish	H- 7 1/4 in. V- 10 1/2 in.	100% Recycled Polyester	11 oz.	65,000 Double Rubs	Warp: 106 lbs. - Fill: 83 lbs.	InCase™

#### Flame Resistance

California Technical Bulletin 117-2013 or California Technical Bulletin 117, Section E\*  
Ufac, Class 1  
NFPA 260

#### General Cleaning Methods

**Parliament:** For water based stains, use mild detergent foam or upholstery shampoo. For oil based stains, spot clean with a dry cleaning solvent being sure to test area first.

**Mungo:** Only mild, pure, water-free dry cleaning solvents may be used for cleaning these fabrics. Cleaning by a professional furniture service is recommended.

**Swish:** Studies with ASCR show that nothing works better on Crypton® or Incase® than a powdered enzyme detergent, such as Tide® or Cheer® mixed with water. Be sure to rinse with a clean cloth and clear water. The fabric must be rinsed thoroughly, leaving no soap residue. Because Crypton® and Incase® fabrics were designed for easy maintenance, the use of solvent-based cleaners is unnecessary. In fact, some heavy-duty solvents can damage the textile's fibers. To be safe, we recommend that you do not use solvents in the general maintenance of Crypton® or Incase® fabrics.
