

## Safe Harbor Queen Bed Assembly Sheet

### Parts: (per bed)

- 2 Bed End Panels
- 2 Contraband Resistant Side Rails
- 1 CenterBrace
- 6 Foundation Slats
- 2 Piece Foundation Board(OSB)
- 8 Headlock Spider 4 ½" Fasteners
- 1 Headlock Spider Drive Bit
- 38 Square head 1 ¼" Fasteners

### Assembly:

1. Connect the End Panels with two Contraband Resistant Side Rails using eight Headlock Spider fasteners with a cordless drill and the Spider Drive Bit. Do not over tighten. Repeat to assemble all four sides.

2. Use Square Head 1 ¼" fasteners to secure the bottom of the Contraband Resistant Side Rails. Do not over tighten. Repeat to secure all four sides.

## Safe Harbor Queen Bed Assembly Sheet

3. Using 3 Square Head 1¼" Fasteners on each end, secure the Center Brace to the Headboard and Footboard. Center Brace should be flush with the bottom of the Bed End Panel.

Place 6 slats perpendicular to side rails and equally spaced starting from either end. Two should be close together and in the middle. These serve as the supports for the foundation board and mattress. Use the Square Head 1¼" Fasteners to secure slats to the bed rail ledgers.

5. Lay down the Foundation Board and secure to the slats below with the Square Head 1¼" Fasteners.
