

## Kristi Side Chair: Wood Seat with a Fabric Back

**A modern touch built for both comfort and durability.**

**Width: 17.75" Height: 32" H Depth: 18.75 Seat Height: 18"**

**Frame:** The bare wood of the assembled product is thoroughly sanded using 100 grit paper. One coat of stain is sprayed onto the entire product. The stain is hand wiped to ensure an even color and maximum penetration into the wood. The product is inspected and any necessary adjustments made. One coat of a catalyzed sealer is sprayed onto all wood parts to completely seal the wood. Once dry, the sealer is sanded using 280 grit paper. A final sanding is done using Scotch Brite pads to remove any sanding marks. A catalyzed lacquer is sprayed on. This lacquer is very durable and will stand up in a commercial environment. A final inspection is performed prior to packaging to ensure a high level of quality control.

**Construction:** Joints constructed of mortise and tenon. Glued with high solids glue and reinforced with 18 gauge nails, corner blocks and low root woodscrews.

Seat upholstered in your choice of material with high density foam cushion

**Finish:** A wide range of standard stain colors is available as well as custom color matching. (A surcharge will apply to custom colors.)

**Warranty:** Furniture is Designed for Group Living Environments & Protected by 1 Year Structural Warranty. Fabric Subject to Fabric Mill's Warranty.

**FURNITURECONCEPTS**
